

# Gigamon Premium Training Provider

**Arrow Education Services** is proud to offer the Gigamon® Visibility Fabric™ Overview and Configuration course. This comprehensive two-day course (with potential add-on days) focuses on developing an attendee's understanding of the values of incorporating a Visibility Fabric and create a Security Delivery Platform to better protect their network. Attendees will also learn about key features and how they work, as well as how to implement Gigamon devices and services. Additionally, attendees will be able to reinforce what they learn through meaningful hands-on labs.
